Some have charged the Americans

Fleet Observes the Day.

NAPLES, Nov. 27.—Thanksgiving day
was celebrated in characteristic American
fashion today on board the battleships
Arkansas and Florida.
Many Italian army and navy officers
visited their colleagues of the American
battleships.
The holiday spirit in the bay of Naples
was accompanied by the arrival of the
steamship Princess Irene with a large
contingent of Americans waving the Stars
and Stripes. During the afternoon the
officers of the American warships gave
a tea. All the festivities in the harbor will
be illumined this evening in honor of
the visiting battleships.
Monsignor Charles A. O'Hern, vice rec-
tor of the American college in Rome, re-
cited the prayer of the congregation of reli-
gious affairs, the Right Rev. Dennis J.
Dougherty, bishop of Jolly, Philippines;
the Rev. Thomas O. O'Reilly, chancellor
of the diocese of Cleveland, and the Rev.
J. T. O'Connell of the diocese of Toledo.

Sailors Celebrate.

GENOA, Italy, Nov. 27.—Although nothing
official was arranged for Thanksgiving
among the sailors of the American
battleships Connecticut and Kansas, now
visiting this port, the officers and men
quietly observed the day.

EXPECTS TO ADOPT FIFTEEN CHILDREN

Wife of Wealthy Chicago
Man Will Experiment With
Different Racial Types.

CHICAGO, Nov. 27.—Mrs. L. Bracket
Bishop, wife of a wealthy business man,
made known today that she planned to
become the mother by adoption, of fif-
teen children, each to represent one of
the fifteen most characteristic racial types.

Her plans became known when her rep-
resentatives visited local orphan asylums
in search of the nucleus of her future
family. Mrs. Bishop said later that
friends now touring Europe had been
asked to find babies representing such
races as she could not recruit in Chi-
cago.

The unique family, according to Mrs.
Bishop, will include a negro baby, an In-
dian, an Arab, a Japanese, a Malay, a
German, a Chinese, a Scandinavian, an
American, an Irish child, and babies rep-
resenting several of the South American
countries.

Mrs. Bishop, in explaining her plan,
said she hoped to obtain babies in which
the racial characteristics promised to de-
velop most thoroughly. The plan, she

ARGUMENT BEGINS IN THE HANISH CASE

Physicians Not Allowed to
Testify Concerning Text-
book of the Cult.

CHICAGO, Nov. 27.—Offering of evi-
dence in the case of the government
against Ottoman Zar Adulst Hanish,
high priest of the Maudsland sun wor-
shippers' cult, ended today and argu-
ments of counsel began. Hanish is ac-
cused of sending the textbook of the cult
by express in violation of the interstate
commerce laws.

The government alleges that the book
is detrimental to morals.
Reading of the volume to the jury oc-
cupied nearly two days and was virtually
all the evidence presented by either side.
Hanish attempted to call four physicians
to prove that the book contained nothing
that went beyond proper medical ad-
vice.

Judge Mack sustained objections and
ruled that the book itself was the best
evidence. Hanish did not issue the stand
and no evidence was offered concerning
his nationality.

By many cult followers he is said to be
a native Persian and to have been born
seventy-two years ago. It was said that
a Milwaukee, Wis., musician, whose
name is Hanish, was ready to testify for
the government that the high priest was
his son and was about 40 years old.

Many followers of the cult of Mazdaz-
nan have been conspicuous in court
throughout the trial. Incense was burned
when the reading of the cult's textbook
was begun, but the fire was stopped by
bailiffs. Women with lips constantly
moving in prayers have occupied seats at
every session.

The book dealt frankly with eugenics
and relations between the sexes. Numer-
ous strange cures, such as the eating of
flower salads, submitting to mosquito
bites and eating herbs, were recom-
mended. The chief hygiene prescribed
was sun baths. Hanish says that his
cult is founded on the teachings of Zo-
roaster.

Dr. A. J. Thomas of Chicago testified
that he was a member of the Mazdaznan
cult and that Hanish had "supreme abso-
lute" in understanding nature's operations.

Maurice Clements, 19 years old, Han-

had been under consideration since
the death of her two daughters twenty-
five years ago. Mr. Bishop opposed it,
however, until recently, when, she said,
he had been run over.

She hopes to obtain babies 1 year old.
"We will move from the hotel where
we are now living to a comfortable,
good-sized house in the outskirts, as soon
as the family is started," said Mrs.
Bishop. "And we intend to bring the
children up as nearly as possible like the
average American family of moderate
means."

They will go to the public schools and
I hope to show that, in spite of their dif-
ferent nationalities and racial traits, they
will grow up brothers and sisters, as I
mean to be a mother to them all."

Mrs. Bishop said some of her friends
had attempted to dissuade her from the
idea, suggesting the family would be-
come known as "the human zoo."

FIVE EAST INDIANS KILLED IN AFFRAY

DURBAN, Natal, Nov. 27.—Five East
Indians were killed today in an affray
between the strikers and the police,
which occurred on the Maudsland sugar
estate in the Mount Eden district,
about fourteen miles to the north of
Durban. The most important sugar
crushing mill in Natal is located there,
and near by is a large American mission
station.

The police were obliged to fire several
volleys before they succeeded in quelling
the rioters.

PALE PEOPLE ARE PERIL

Some Form of Nervous Breakdown
Always Threatens Them.

Pale people are always nervous.
There is a closer connection between
blood and nerves than most people
know, for all the nourishment that the
nerves receive reaches them through the
blood. That is why Dr. Williams' Pink
Pills, known everywhere as a blood-
builder, have helped so many people
with exhausted nervous systems, so
many sufferers from neuralgia, sleep-
lessness, nervous headache and other
nervous troubles.

You will find Dr. Williams' Pink
Pills different from other remedies. It
is almost impossible to take these pills
into the system without getting good
results.

Your own druggist can supply you
